Product Description:

Lock&Hide is an extremely easy to use program, that allows you to lock and hide any folder on your desktop. Folders secured with Lock&Hide cannot be seen, found, or accessed. Your folders remain totally invisible and highly secured, yet

can be accessed quickly and easily at any time!

Operating System Requirements:

This product is designed to run on the following operating systems:

- Windows ME
- Windows 98
- Windows 95

Additional Requirements:

- Windows 95/98/ME
